

Control Scale and Staining Resulting From Bi-Carb Machines and the Water Treatment Process with...

H617

POWER-MAX2

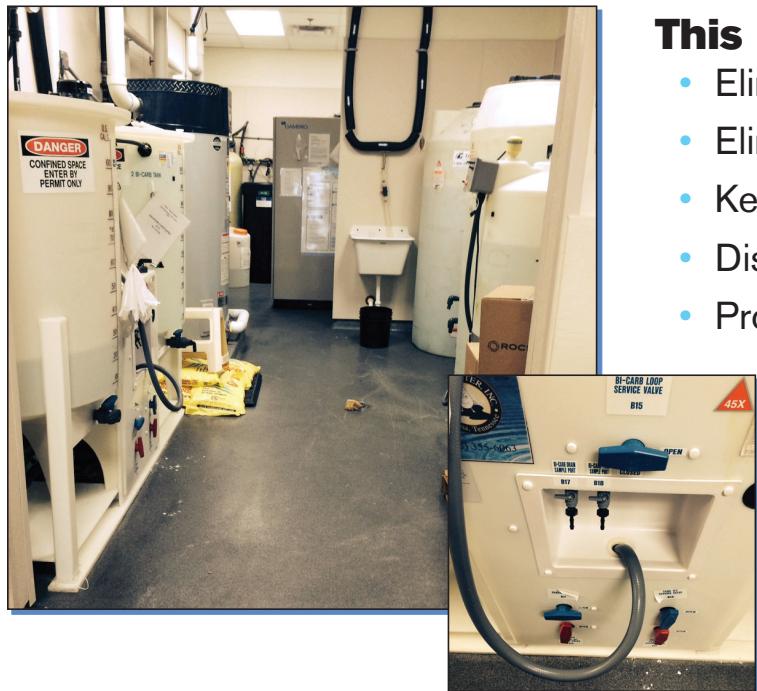

Chase Drain and Water Equipment Descaler

Designed for use in Distribution Cabinets, Chase Lines and Water Treatment rooms to remove yellow and rust colored stains resulting from Bi-Carb Machines and the Water Treatment Process. It also quickly removes lime, rust, calcium, scale and hard water deposits from a variety of acid-resistant hard surfaces.

Features revolutionary Earth Smart® Acid (ESA) Technology:

- Dissolves calcium carbonate, uric salt, lime and scale two to three times faster than phosphoric acid products.
- Much milder to steel, aluminum and skin than traditional acids used in similar products.
- Phosphate-free and contains no VOCs.

This product will help you:

- Eliminate Scale Buildup and Staining
- Eliminate Bacteria Breeding Surfaces
- Keep Chase Drains and Equipment Clean
- Dissolve Scale Without Harmful Fumes
- Provide a Safer Solution for Dialysis Clinics

Earth Smart® Acid Technology provides a safer solution for staff and patients.
