

# Your MEGA DOSE for Treating Drains!

H843

# DX PRO-BAC

## Concentrated Probiotic Bacteria

This unique blend of 7 probiotic strains opens slow running drains and keeps them free-flowing. An added specialty surfactant increases performance, while the bacteria significantly reduces drain sludge formed by organic matter in dialysis drains.

### DX PRO-BAC:

- 5.5 **BILLION** CFU per Milliliter
- **SEVEN** Probiotic Strains of Bacteria
- **ONE PINT** Cartridge equals **SIX GALLONS** of Competitive Product
- **HIGHEST CONCENTRATION** of Probiotic Bacteria Available
