

Turn your space into an aromatherapy spa experience with...

United 489

FRESH AIR™

Air Freshener Gel
and the
A489 Aromatherapy Mini Spa

Formulated with Fresh Air™ Technology, UNITED 489 will provide you with the aromatherapy benefits found with peppermint oil. Peppermint oil has long been known to:

- Temporarily Relieve Respiratory Symptoms
- Relieve Headaches
- Reduce Tension
- Increase Alertness
- Energize

Now with the **FRESH AIR™ Air Freshener Gel** and the Aromatherapy Mini Spa you can freshen the air in your surroundings and create your own personal mini spa area. The small footprint and modular design of the Aromatherapy Mini Spa make it perfect for use in most areas and with any décor.

In addition to the aromatherapy benefits, the **FRESH AIR™ Air Freshener Gel** is made with an EPA 25-b exempt formula that will repel flies and fruit flies from the immediate area as an added benefit.

FRESH AIR™ Air Freshener Gel:

- Earth Smart® Certified
- A Bio-Brigade Product Made from Renewable Resources
- Features Fresh Air™ Technology
- Repels Flies and Fruit Flies
- Pleasant Peppermint Scent
- Each Gel Cup Lasts for 30 Days

Perfect for use in:

- Clinics
- Offices
- Reception Areas
- Conference Rooms
- Lunch Rooms
- Classrooms
- Day Care Facilities
- Assisted Care Facilities

Why just deodorize, when you can have a mini spa experience and repel insects with **FRESH AIR™ Air Freshener Gel** and the Aromatherapy Mini Spa?
