

**AIR LOCK Urinal and Drain Treatment** is a bio-based and biodegradable treatment for use in waterless urinals and drains. **AIR LOCK** floats on urine, water and other liquids in drains and urinal traps to effectively lock out the air that creates and carries the odors out of the drain, while creating a safe barrier between the user and the fluids in the drains.

**AIR LOCK:**

- Earth Smart® Certified;
- Floats on water, urine and other liquids;
- Locks air out and sewer odors in;
- Will not evaporate to 100°F;
- Will not freeze above -14°F;
- Features Cucumber Melon scent.

**DIRECTIONS FOR USE:**

**WATERLESS URINALS:** Simply pour 3 ounces of **AIR LOCK** directly into holes of trap to fill filter cartridge. Refill as needed. Each 3 ounce application lasts for approximately 1,500 uses

**DRAINS:** Depending on drain size, add 3 to 5 ounces of product to create a layer across the top of the fluid in the drain. Re-application will vary depending on drain flow. Replace when layer is noticeably deteriorated or odors begin to return.
